

ACI UW BALTIMORE RECAP

ACI UW competed in the Baltimore Egg Protection Device (EPD) Competition, facing teams from across the country and internationally. We showcased our hard work by protecting an egg through three levels of impact before failing on the fourth. It was an exciting opportunity to learn, innovate, and represent our chapter.

ACI UW BALTIMORE

RECAP

A LOOK BACK

ACI UW enjoyed adventures such as the B&O Railroad Museum, City Hall, the George Peabody Library, Johns Hopkins University, Lexington Market, and many great eats.

CITY ADVENTURES

From city sites to famous districts and historical harbors, we saw everything.

ACI UW BALTIMORE RECAP

NETWORKING

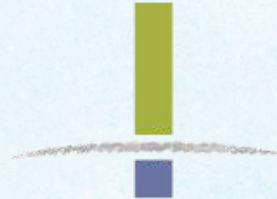

ACI UW spent the competition building connections and making friends with new and old chapters alike.

THANK YOU!
